Info for Parents

Everybody loves a challenge...

When posed with the question 'How do you make an after-school service attractive to young people?'...the answer was simple. Ask the young people what they want, and hope they don't ask for skydiving!

Indi-Youth has grown for a number of reasons:

What we know about Out of School Care is that when young people reach P7 they are less keen to attend (or they stop coming along or they tell their parents they don't want to come!)

Secondly, it seems the young people don't want to spend more time in school than they have to. The Indigo Group's aim is to provide a service to young people from P7 to 16 year olds to give them a say in how they spend their time at the end of the school day and during the holidays. The service is for young people that don't want childcare and for parents that do.

Pricing

The **Indigo Group** is a not for profit organisation designed to meet the needs of local families in the City of Glasgow. **Indigo** also deliver other local successful services in Early Years and Out of School Care and is committed to meeting the needs of local communities.

The pricing for this innovative and exciting new service is being held at £55.50 per week full time or £11.20 per day term time. For the holiday period the price is £88.10 per week or £17.62 per day.

Help with the cost is available for parents eligible for the childcare element of Working Tax Credit.
